YEARBOOK EDITOR'S

Front Row: Kayce Bright (Business Editor), Joseph Angley (Editor-In-Chief), Judy Bouchard (Literary Editor). Back Row: Debbie Finney (Layout Editor), Gregory Leet (Business Editor). Frank Wojtowicz (Sports Editor), Julie Wyman (Art Editor)

Putting this yearbook together took a lot of time, work, compromise. Hurried meetings, and last minute decisions were part of our every day life. For all their fine work, I wish to extend my personel thanks to the editors, and their staffs, for a job well done. To Mr. Govoni, Mr. Bennett and our photographer Pat Conolly, again, Thank You, for your advice, patience, and help. Lastly, to the faculty and students of Silver Lake; may you enjoy the '76 TORCH', now, and in the years to come, as much as we enjoyed putting it together.

DEDICATION

The living members of the Class of "76", our Bi-Centennial Year, dedicate their yearbook, "The Torch", to those members of the class who are no longer with us.

Lisa, Laura, Craig and Robin were loved, respected and enjoyed. They are still loved, respected and sadly missed.

"Strange is it not? -- that of the myriads
who before us passed the door of darkness
through, not one returns to tell us of the
road which to discover we must travel too."

FAREWELL

Francis M. Moran, Superintendent

Superintendent Francis M. Moran, at the completion of this school year, will have served in public education for forty consecutive and fruitful years. He has served the students and staff of Superintendency Union #31 and Silver Lake Regional School District in admirable fashion.

With the formation of the Silver Lake Regional School District in 1955, Mr. Moran served as Vocational Director. He became the Superintendent of Schools at Silver Lake Regional School District and Superintendency Union #31 in August of 1963. He will be completing his thirteenth year as Superintendent of Schools in our school district.

During his superintendency, the school district has grown from a student enrollment, K-12, of 3,397 students to 7,164. To combat this growth, his effective leadership was demonstrated by nine major construction projects involving elementary and secondary schools. He is without any question of doubt, the man behind the scenes making the educational programs of our school district possible.

The students, the staff, the parents and citizens of our four towns wish to extend our most sincere note of appreciation, as well as our wishes for a joyous and long retirement.

Principal's Message

In the last fifty years, our way of living has done an aboutface. Now, television beats out books, travel beats out stories about foreign lands, back packs are in and used cars are out as a travel form. Democrats vote for a conservative Republican president. And yet our schools are to be as of old; the one remaining security blanket in a house turned inside out and around.

Little time lies ahead if we are to turn man toward man. And as painfully small as our efforts against those forces that would tend to separate us. Each of us in our own way must avoid the paths that in the past have offered the seductive semblance of safety. Now the directions and the programs must be created to meet the challenge, for there is no alternative.

I can only hope that you turn the pages of the Silver Lake Torch so that you can begin to unfold the mysteries and uncertainties that beset you, the student, and perhaps more importantly, so that you can have lasting memories of your school, faculty and friends.

I thank you.

OLD IRONSIDES

Ay, tear her tattered ensign down!
Long has it waved on high,
And many an eye has danced to see
That banner in the sky;
Beneath it rung the battle shout,
And burst the cannon's roar; ---
The meteor of the ocean air
Shall sweep the clouds no more!

Her deck, once red with heroe's blood,
Where knelt the vanguished foe,
When winds were hurring o'er the
Flood, And waves were white below,
No more shall fell the victor's tread,
Or know the conquered knee; ---
The harpies of the shore shall pluck
The eagle of the sea!

O better that her shattered hulk
should sink beneath the wave;
Her thunders shook the mighty deep,
And there should be her grave;
Nail to the mast her holy flag,
Set every threadbare sail,
And give her to me god of storms,
The lighting and the gale!

FOR A CHILD WHO SKIPPED ROPE

Here lies resting, out of breath,
Out of turns, Elizabeth
Whose quicksilver toes not quite
Cleared the whirring edge of night.

Earth whose circles round us skim
Till they catch the lightest limb,
Shelter now Elizabeth
And for her sake trip up Death.

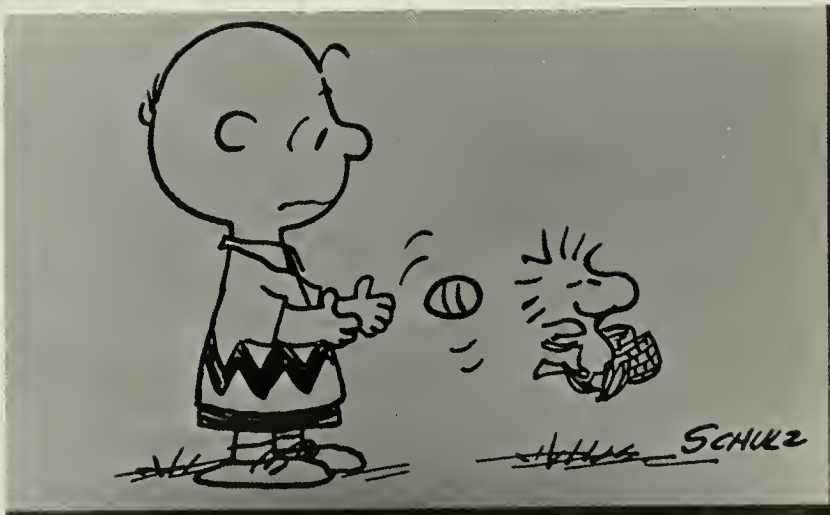
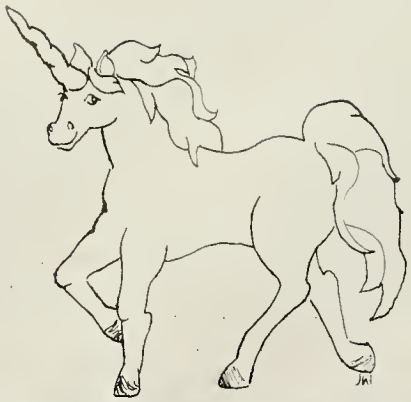
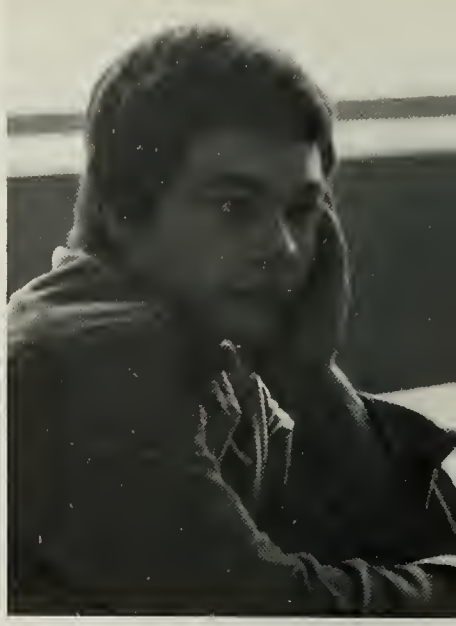
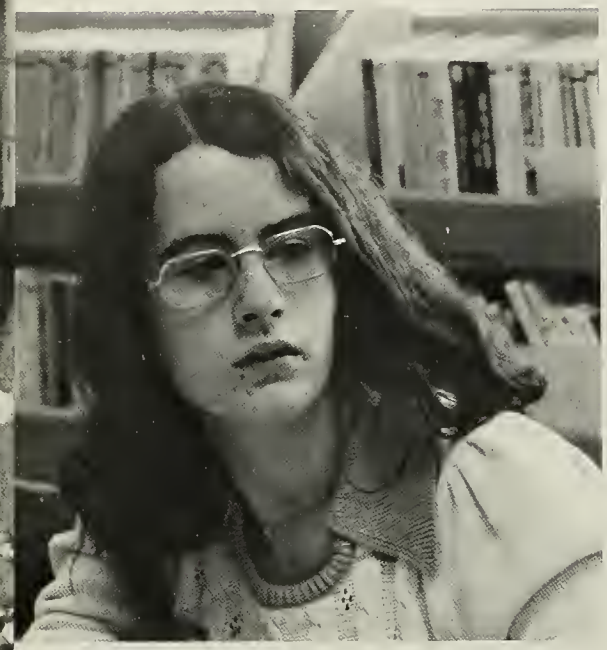
SOPHOMORES



Everyone gets an egg from the Easter beagle,
and who do I get one from... his assistant!







SOPHOMORES

We've got to remember that when you work with living things, there are no concrete rules to follow. L.K.

JUNIORS

She's growing up.
Now she cries for fallen people--
Not broken dolls.
When she takes a walk
She doesn't look into bird nests,
She looks into herself.
She cares very deeply,
And gets hurt much to often--
So she cries ...
Yes, she's growing up.

I just go on living,
sometimes feeling sorry for myself,
trying to have fun, being unsure,
crying inside, but trying to live,

that
Butterflies are free.

I am alone on my mountain
As I have been forever
Solitude holds little pain
for me
When from here I see the
eagle
Free and soaring high to meet
... the golden heat of the
sun
He will come here one day
And my feathers, too
Will ruffle in the wind.

A small flower grows under a tree
Sheltered from the sun
Yet free to leave the shade.

Later, flowers wander
(As some people do)
They are without shade, without shelter.

The burning sunlight leaves nothing remaining.
What is the price of independence?

I am not a flower, I know
Not a fragile beauty to be
admired
Like an apple--I have
protected skin
... and rough ways
Let them laugh
When the time is right
I will yield my one simple
secret
I hold a star in my heart.
